### Sign Now For Elderly Drug Plan

Assemblyman John W. Hasper has reminded area senior citizens that the new Elderly Pharmaceutical Insurance Coverage (EPIC) program will begin providing benefits effective Oct. 1.

The state-subsidized prescription drug plan is the result of legislation approved in 1986. The programs' benefits are designed especially for low-income elderly who spend a significant portion of their income on prescription drugs. Hasper noted that enrollment is an on-going process and anyone who is still interested in registering should call his office for an application form.

"It is of real concern to me that many elderly living on fixed incomes are often forced to choose between paying the rent, buying food or purchasing life-sustaining prescription drugs. I hope senior citizens in need will secure assistance from the state under this new program."

Hasper explained that the program is for those 65 and over who meet the income criteria. Single people with incomes up to \$15,000 and couples whose combined incomes are \$20,000 or less would be eligible.

Individuals with questions about the program can contact Assemblyman Hasper in Geneseo at 243-3210, or contact the toll-free hot line at the state Office for the Aging, 1-800-342-9871.

### CHANDLER'S WOBBLE

As it rotates, the Earth wobbles on its axis. This deviation is known as Chandler's Wobble, and it reaches its peak every seventh year. Some scientists believe earthquakes are more numerous in those years. The next peak year will be 1992.

## Hunt-Fish Day Features Ready

Joe Letta, of LaMist Kennels in Shortsville, announced that LaMist Miss Bobbi McGee will be one of the prize-winning retrievers shown at the Avon National Hunting and Fishing Day celebration Saturday and Sunday.

A year ago, Bobbi McGee was the only New York State Labrador Retriever to win a national master hunting dog championship title. This year, she has another title, "All American," which came from national competition sponsored by Alpo Dog Food. Joe and wife, Arch, will be feature attractions all day Saturday and Sunday morning, showing proper retriever training techniques.

A further item for dog lovers is the UKC Coonhound Bench Show sponsored by the Livingston County Coon Hunters Association. This event will take place on Saturday, at 1:30 p.m. It is the biggest bench show of its kind in the northeast. About all varieties of Coonhounds will be represented.

While most displays and demonstrations will be open both days, the trap shooting, archery and muzzleloader ranges will only operate Saturday. On Sunday, the ranges will be used for the Sportsmen's Pentathlon (trap

shooting, archery, casting, running and canoeing). This competition will start at 8:30 a.m. and continue through the day.

This weekend is set aside to focus on our fish and wildlife, explained Ron Schroder, event coordinator, and the important part sportspeople have played in the conservation of our natural resources. Sportsmen have traditionally held strong opinions about clean air, good water, and livable habitat for wildlife. As a result of sportsmen financed conservation efforts, many species of wildlife have been restored to near record levels, Schroder added.

This will be the 15th annual observance of National Hunting and Fishing Day in Avon, and it again promises to be one of the biggest in the northeast. It is sponsored by the DEC and the Livingston County Sportsmen's Federation. The location of the show is the Region Eight headquarters, on Routes 5 and 20.

Included will be wildlife artists, hunting, fishing and trapping displays, management demonstrations, shooting and casting ranges, a Sportsmen's Flea Market with 60 dealers.

**"I was afraid to look in the mirror."**

"It's hard to wake up one morning and realize you're a blimp. I cringed every time I looked in the mirror. Then a friend at work told me about Diet Center. I learned a lot in the first hour with my counselor; she was very professional. In three weeks I lost 17 ugly pounds. Now I feel so much better about myself. I have more self-confidence and more energy. Diet Center really works."
